Definition of the Nine digital elements:

Digital Access: Can all users participate in a digital society?

Digital commerce: Do users have the knowledge and protection to buy and sell in a digital world?

Digital communication: Do users understand the various digital communication methods and when each is appropriate?

Digital literacy: Have users taken the time to learn about digital technologies and do they share that knowledge with other?

Digital Etiquette: Do users consider others when using digital technologies?

Digital law: Are users aware of laws that govern the use of digital technologies?

Digital rights and responsibilities: Are users ready to protect the rights of others and to defend their own digital rights?

Digital Health and Wellness: Do users consider the risks when using digital technologies?

Digital Security: Do users take the time to protect their information while taking precautions to protect others' data as well?
